

*Leo, Eden, Evelyn, Cyla, Solara, & Helena Visit  
Ormond-Grant Park - March 1st, 2017*

On this sunny day six children walked with Kalei to our neighborhood park. The children knew exactly where we were going & spoke of their previous excursions at the park. Cyla said "I go here everyday after school- even when it's raining!" Sol told us she passes it on her way to & from school. When we arrived we were surprised to see the ENTIRE Green Room playing at the park too! The Nesters played joyously until our younger friends buggie-ed back to school. The six of us remaining employed teamwork & patience; Leo & Eden took turns pushing each other "into the 'ky," Sol demonstrated how to pump legs "like a big kid."
