

## Making Mail & Cards - October 12th, 2015

Over the past month, the children have shown a continuous desire to create written & artistic communications for both their peers & parents. This interest serves several important areas of study: Writing/Literacy & Emotions.

After Emerson, Helena, & Adele work on the letter F for our alphabet book, Helena is inspired to make "a card" for her parents. This reminds Kalei to invite some children (ultimately Hank & Landon) to make a thank you card for the gourds the McIntyres brought in. Emerson is also inspired by Helena & begins work on mail for her parents. When she wants to write "mom" & "dad," she asks for help. "Have you written those words in your journal, Adele?" prompts Kalei. Sure enough, we find such a page. Adele & Emerson work in tandem to get the difficult writing task done!
