

“Can you build a person with clay?”

5/16/2017

Ruth, Helena, Emerson, & Kahlan work with clay often, & with great joy. In hopes of challenging this confident group to extend their repertoire, Kalei asked if they could dedicate their morning to creating a person...

Emerson begins to attach legs to feet.

Kahlan stabilizes a leg to a foot, Helena points to the “A” when Em asks how to make a triangle for “a dress.”

Helena uses slip to attach pieces of her figure.

Emerson carefully pinches fingers onto a hand.

< Kahlan's figure: "A person wearing a snowman costume." It stands on a circle she punched out with the slip jar's lid.

> Ruth's figure: "A strong Santa Claus."

< Helena's person wears a crown.

> Emerson's figure has hair, fingers, & a dress.
