Huck's Monster Truck Birthday Celebration

The children worked on a special gift for Huck: a cement mixer truck! They painted a wooden block and wheels were glued on. Monster truck, fire truck, and other vehicle videos were projected onto the wall for the celebration. Huck's parents came to eat lunch with him and brought a little gift for each child: glowing balls! Even though it rained all morning and we stayed inside, we read lots of books together and the children had a fun time driving all the different vehicles that they brought to school today.
