

### Josie's 3rd Birthday: A Princess Celebration!

17 October 2017

On Josie's special princess day, we made paper crowns and played music from several princess movies. Josie, Nora, and Landyn especially loved hearing songs from *Moana*. Some children brought in dragons to play with the princesses. The children worked for several days on a birthday gift for Josie. Since she has a lovey that she calls piggie, we painted and glued together a princess piggie out of cardboard with button eyes and a pipe cleaner crown. Josie seemed delighted when she opened her gift. Later, her mommy came to school to celebrate with a giant strawberry cake that had a granola crown and surprise granola middle with slices of plums on top.

Happy 3rd Birthday, Josie!
