

## Landyn's Family Visits Morning Meeting - 8/9/2017

Landyn's mother Molly, great aunt, & grandfather paid us a special visit for Morning Meeting! While introducing herself, Landyn's great aunt informed us of her life long history working with young children, so this offered an especially exciting opportunity for her to peek in on the daily life of Landyn and her friends!

Molly offered the class three favorite books from home, *Glitter*, *the Pout-Pout Fish*, and *Animals Should Definitely Not Wear Clothing*. Landyn enjoyed sitting in her mother's lap as Molly read to the class. Huck and Axel found a companion in Landyn's grandfather, as they took turns chatting with him about the materials in the building corner. Kristi visited to photograph the meeting and as she quietly took photos from behind the risers, she caught Ruby's interest. Ruby then photographed a few moments herself and is captured here with a great sense of pride in this task.

Mystery readers are a special way to connect within our school community. We always welcome mystery readers, whether it be parents, siblings, or visiting family.
