

# HUMMINGBIRD HERALD

THE NEST NURSERY SCHOOL/ OCTOBER 2013/ VOLUME 2

## Fall is Here!

The coming months should be tons of fun here at The Nest. We're looking forward to sharing with your children the beauty that comes with the changing of the seasons. We plan to work with pine cones, pine needles (painting), beautifully colored leaves (color hunt), pumpkins (scooping out the insides), and other natural materials that really showcase this wonderful season.

Please feel free to bring in any interesting or autumn items to share with the children. Henry Montgomery recently brought a giant dried gourd that rattled with seeds.

Thank you,

Leah, Caroline, and Stephanie

## “Trick or Treat”

We need a few volunteers for Halloween at The Nest! We're hoping we can do a sort of Trick-O-Treat with the entire school. Halloween is on a Thursday, which is usually our outdoor play day. The idea would be for parent volunteers to be stationed in a different space outside (front yard, area near the kitchen, the deck and

playground). There would of course be a teacher there with you as well and we could help you plan something fun to do with the children like face painting or rolling in hay. You could also pass out some sort of small treat (Please, no candy! Think stickers, fruit, etc...). Please let us know if you would like to volunteer.

### Dates to remember:

- October 12 - Parent workday 9-12
- November 16 - The Nest Fest 7-10

- October 14 - Henry Schulz's Birthday
- October 15 - James' Birthday
