

Happy 3rd Birthday, Reed!

23 February 2018

Reed's special celebration involved bins full of soil and mini construction vehicles. The children had a lovely time moving the vehicles through the dirt and enjoyed lots of scooping and dumping. In the days before, the children worked on Reed's gift: a yellow construction vehicle! His parents and grandmother came to join in the celebration and read several wonderful books about construction. Every child received a personalized hard hat and canvas tool belt from Reed's family.
