

Sinclair's Birthday Celebration!

February 10th 2017

For Sinclair's birthday his parents arranged for firefighters from unit 10 to come visit our school. As the fire truck parked out front, the children waited on the breezeway with growing excitement. Finally the children descended the ramp down to the parking lot and the fire fighters began to explain the items in their truck, the kinds of jobs they tended to, and their uniforms. The children were able to climb up in the fire truck's backseat and even got a chance to sit in the driver's seat and spray the hose.

Sinclair's mother and father made watermelon popsicles to share with the class. As he opened his gift, his friends crowded around in anticipation. His gift (featured right), a fire book, made for an exciting nap time meeting story.
